

# LOCTITE®

## Light Cure Acrylic Adhesive Dispensing System for Tubing

*Loctite® Light Cure Acrylic Adhesive Dispensing System for Tubing is a system that rapidly and consistently applies a uniform coating of light cure adhesives to the outer diameter of tubing.*

### FEATURES AND BENEFITS

- **SIMPLE** one-handed operation: Simply insert tubing into the bushing and withdraw to apply the desired amount of adhesive.
- **EASY** adhesive adjustment allows the operator to optimize the amount of adhesive dispensed.
- **DESIGN** prevents light exposure to the adhesive in the dispenser.
- **ELECTRIC** pumping mechanism eliminates the need for supplying compressed air to the dispenser.

ITEM #	DESCRIPTION
98445	Light Cure Acrylic Adhesive Dispensing System for Tubing
989038*	2 mm Bushing
989039*	3 mm Bushing
989040*	4 mm Bushing
989041*	5 mm Bushing
989042*	6 mm Bushing

\*Required accessory: order appropriate bushing based on tube OD.
