TECHNOLOGY LEADERSHIP
Products recognized in the maintenance industry around the world for their exceptional performance.

INDUSTRY KNOW-HOW
Our professional MRO industry and training programs help identify opportunities to improve efficiency and costs.

The Leading Solution Provider

LOCTITE® – The Number-One Choice for Reliability and Quality
With more than 50 years of experience working with industrial equipment, we’ll help you keep your plants and equipment in top operating condition.

**VALUE FOR YOU**

Henkel offers more than a product portfolio. We are a partner who understands your industry and helps solve your toughest challenges.

- **Online access to resources and technical data**
- **On-site expert consulting and application support**
- **Wide selection of information and how-to guides for operators**
- **Global network of technicians and engineers**
- **Proven and documented OEM and MRO expertise**
- **On-site Maintenance Workshops and tailored training programs**
- **Global distributor and Certified Applicator network**
- **Global MRO Training and Application Centers**

### On-Site Consulting

Plant surveys analyze your current maintenance practices and culture, and recommend improvements. Product analysis can help reduce the complexity of your maintenance product inventory.

### Maintenance Workshops

On-site customized training will help your staff improve equipment reliability, reduce routine and redundant maintenance tasks, save energy costs, and increase productivity.

### Protective Coating Solutions

Our experts will show you how to identify and apply the proper surface-protection coatings to keep your assets up and running. We can also recommend Henkel Certified Applicators who specialize in these repairs.

### Industry Maintenance Guides

Our in-depth programs offer solutions for rebuilding and maintaining key industrial devices such as pumps, shafts, gearboxes, and centrifuges.
Protection Throughout Your Facility

For every industry, LOCTITE® solutions will help repair, rebuild and protect your valuable assets.

Key Areas of Expertise

Henkel’s in-depth knowledge of a wide range of industries enables us to provide comprehensive support and solutions.

- **POWER GENERATION**
- **MINING**
- **OIL AND GAS**
- **STEEL**
Your Solution Partnership Process

Our industry experts can help you **IMPROVE RELIABILITY, SAFETY** and **EFFICIENCY**, and **REDUCE COSTS** through a number of services and programs.

1. Henkel conducts a plant evaluation with your facility or plant management team

2. On-site consulting identifies asset protection, reliability and cost savings solutions

3. Our team plans customized training to implement identified solutions

4. Henkel experts conduct training in departments as needed

5. Henkel continues in-plant consulting to further identify and implement cost-saving solutions

**BENEFIT NOW**

A Henkel representative will meet with your plant managers, describe our solutions process, and schedule a plant survey.

Let us help make your plant more reliable, more efficient and safer with reduced costs!
