Product Description Sheet 50 ml. Bottle Hand Pump

Part # 98414

North American Engineering Center

PRODUCT DESCRIPTION

The LOCTITE® 50 ml. Bottle Hand Pump is a portable, precision, bottle-top applicator that threads firmly onto any 50 ml. anaerobic bottle. It includes a new ergonomically balanced and resilient bottle stand that greatly reduces the tendency of bottle tipping. The unit will dispense single shots of Loctite® anaerobic Threadlockers and Retaining Compounds from 0.01 to 0.04 ml with viscosities up to 30,000 Cp. These units require no flushing, power or air source. It is designed to dispense at any angle without leaks or product waste.

PRODUCT FEATURES

- Adjustable positive displacement of product dispensing from 0.01 ml. - 0.04 ml.
- Light weight, well-balanced bottle stand that does not interfere with product application.
- Stand and applicator interface designed to fit comfortably in the user's hand.
- Easy to install and remove.
- Will not leak at any application angle.
- Internal bottle feed tube is supplied to fit perfectly with 50ml bottles to minimize waste
- Turns a 50 ml bottle into a precise portable dispenser.
