

MAKE YOUR OWN FATHER'S DAY CUP

STEP 1

Using a recycled toilet roll tube as a guide, make a hole in the bottom of two paper cups.

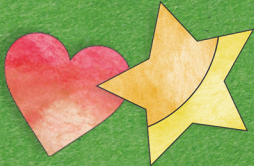

STEP 2

Use your Pritt Stick to glue the paper cups to the toilet roll tube, by pushing the tube through the holes.

STEP 3

Colour or decorate the figures provided on the template, OR create your own! Carefully, cut out your decorations and use your Pritt Stick to glue these to your cup.

STEP 4

Using your cardboard, cut out two handles and use your Pritt Stick to glue these to the sides of your cup.

STEP 5

Give your cup to someone special to make their day!

Why not?

Use a variety of recycled items to make your cup as colourful and reflective as possible, like foil and sweet wrappers!

You will need

- Pritt Stick
- Paper cup
- Toilet roll tube
- Cardboard
- Coloured paper
- Scissors
- Coloured pencils / pens
