## Focused LOCTITE® Technologies:

**1 Threadlockers:** Newly created content and demos to illustrate how threadlockers work and why they are superior to mechanical locking devices for the assembly of threaded fasteners.

### ADVANTAGES OF LOCTITE® THREADLOCKERS AS COMPARED TO TRADITIONAL MECHANICAL LOCKING DEVICES:

- Prevent unwanted movement, loosening, leaks, and corrosion
- Resist vibration
- Single-component – clean and easy to apply
- Can be used on all sizes of fasteners – reduces inventory costs
- Seal threads – allow through-hole tapping

We created a new patented bottle design to protect this brand and our customers from imitations, the next generation anaerobic hand pump makes dispensing of LOCTITE® Threadlockers more precise & repeatable, and our "Rattler" is a fast and reliable demo that can create LOCTITE® moments for everyone

**2 LOCTITE® Instant Adhesives:**  
Instant Adhesives Q3-Q4, Performance & Value:

- Extremely fast cure
- Surface Insensitive
- Toughened formulas
- Hi Temp Resistance

Literature available: **LT-4435**

**3 LOCTITE® Structural Adhesives:**  
High Performance Structural Adhesives, strong, durable bond, use instead of welding!

- LOCTITE® AA H8003™
- LOCTITE® AA H8006™
- LOCTITE® AA H8018™
- TEROSON® SMP 9222™
- LOCTITE® 3501™ HT Seam Sealer

**5 LOCTITE® Cleaners:**  
Cleaner Focus:

- SF 7611™ – Solvent-based
- SF 7633™ CL – Solvent-based
- SF 8440™ – Water-based

**4 LOCTITE® Equipment:**

- CL 25 Hi-Intensity Spot
- CL 30 Hi-Intensity Flood
- CL 32 Hand-Held Spot
- EQ VA40 Volumetric Valve
- EQ HD 14 2k Hand-Held Dispenser

## Resources For Distributors

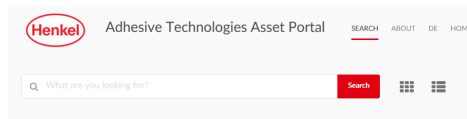

**1 Henkel HUBB:**  
Distributor marketing and engagement platform. Enroll in the program today!

Adhesives  
Helping You Build Business

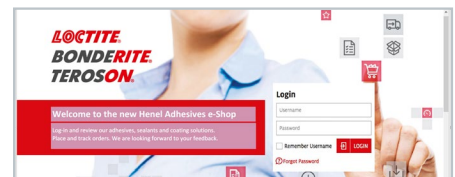

**2 LOCTITE® Seeing is Believing Tour:** Check out LOCTITE® on the road with the new LOCTITE® Truck! This eighteen-wheeler will be around the country at various events and shows promoting LOCTITE® brand industrial products! [https://www.youtube.com/watch?v=ztiz\\_OVyo-8](https://www.youtube.com/watch?v=ztiz_OVyo-8)

**3 Henkel DAM:**  
Download Henkel marketing/product assets including brochures, pack shots, & images.  
[Login to HDAP \(henkel-dam.com\)](http://Login to HDAP (henkel-dam.com))

**4 Eshop:** Log-in and review our adhesives, sealants and coating solutions. Place and track orders. Download product PIM data. To sign up email: [eshop@Henkel.com](mailto:eshop@Henkel.com)

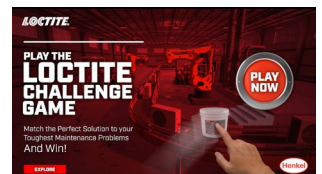

**5 LOCTITE® Product Selector Guide:**  
Select the right LOCTITE® Solution for your Application with our new online Adhesive Bonding Selector Guide. Gain access to more technical details, downloads and product samples. Access the guide here: <http://us.loctite-success.com/en/selector.html>

**6 LOCTITE® University for ID Sales Reps:** Go online to: [www.LOCTITEtraining.com](http://www.LOCTITEtraining.com) to learn more about LOCTITE® products, applications and markets. Learn and test your knowledge with these short computer-based training modules. Visit our onsite OEM & MRO labs.

**7 LOCTITE® Challenge Game:** This is an interactive learning game matching LOCTITE® Solutions to various maintenance issues in a simulated manufacturer setting. The goal of the experience is to educate distribution sales reps and end user customers on the broad range of LOCTITE® Solutions and the cost saving opportunities we offer.

Available on LOCTITE® sales representatives ipads.

## Programs

**1 Lunch 'N Learn / Distributor Training Schools:**  
Take advantage of on-site training at your branch that will teach you how LOCTITE® solutions can reduce needless costs, downtime and safety issues at your key customers.

**3 MRO Modular Training and Documented Cost Savings:** Provide Documented Cost Savings to end users by building a foundation for mechanical fundamentals with customized modular LOCTITE® maintenance reliability workshops.

MRO Services: <https://www.henkel-adhesives.com/us/en/industries/industrial-maintenance-repair.html>

**5 Line Survey Service:** One of the steps when working with you is to conduct a detailed survey of your manufacturing process to help identify potential cost savings and process improvements. This line survey involves a tour of production lines, as well as sub-assembly areas, to document existing and potential cost reduction opportunities. GM Services: [Product Design and Manufacturing Solutions – Henkel Adhesives \(henkel-adhesives.com\)](#)

**2 Customer Training Schools / Workshops:**  
Co-sponsor a training event in your area. Led by a Henkel Adhesive Sealant Specialists, these training schools and workshops will teach your customers and prospects the advantages of using LOCTITE® adhesives and equipment to save time and money.

**4 Air Leak / Hydraulic Leak Survey:**  
Did you know leaks can cost plants thousands of dollars in additional costs per year? Using an ultrasonic leak detector, your Henkel Adhesives and Sealants Specialist will detect and identify compressed gas leaks on site at your customer's facilities and develop a plan utilizing LOCTITE® solutions in order to return the equipment back to its optimal efficiency.

**6 Surface Engineering Workshops:**  
Teaches proper product selection, surface prep and application of polymer composites. Workshops will be offered throughout the year.

**7 LOCTITE® Webinars and Podcasts:**  
To learn more about the benefits of using LOCTITE® adhesives, join any of our yearly webinars. Webinars are perfect for Distributor Sales Teams and End-Users. New this year is a series of LOCTITE® podcasts! Hear from our experts on assembly and maintenance topics. Partner with LOCTITE® to co-host a webinar or podcast for your customers. For the most up-to-date schedule visit: <https://www.henkel-adhesives.com/us/en/insights/all-insights/events-webinars.html>

GM Focus

MRO Focus

# New Pro Pump Dispenser.

Less mess. Less waste.  
More precision.

## PUT THE RIGHT AMOUNT OF THREADLOCKER EXACTLY WHERE YOU WANT IT.

The LOCTITE® Pro Pump Hand Held Dispenser provides clean, efficient, and repeatable dispensing of LOCTITE® Threadlockers.

- Utilizes patented progressive cavity pump technology
- No setup or assembly required
- Fits both 50 ml and 250 ml bottle
- Delivers an average of 30 mg of adhesive with a single pull of the trigger
- Multi-position nozzle in three different orientations:
  - Horizontal
  - 45° up
  - 45° down
- Can be folded down 90° for storing

**Item Number: 2564842**

### BENEFITS:

- Turns a bottle of adhesive into a dispensing system
- Prevents spills, eliminates mess and waste
- A single drop of adhesive is always ready with just a pull of the trigger
- Small, compact and lightweight

“

“Dispensing LOCTITE® Threadlockers is easier than ever now – the no-mess, precision Pro Pump means less wasted product and less wasted time.”
