

LOCTITE® Mining Solutions

Extend Equipment Life to Improve Efficiency

LOCTITE® products have been proven to keep mining equipment in top operating condition through applications that are faster and easier than traditional methods.

Result – increased uptime and improved efficiency at your mine’s processing plant.

Key Applications:

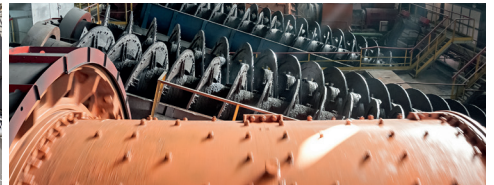

Preventative Crusher Care

Fill the gaps between the concrete base and sole metal plate, and between the housing and steel liner on your primary crusher to avoid misalignment that can lead to failure.

Repair Conveyor Belts

Repair rips, tears, gouges and holes in belts.

Milling Equipment

Prevent premature wear and abrasion on crucial components. Avoid shutdowns due to milling issues in the feed chute and trunnion lining.

Pipes, Ducts and Elbows

Protect damaged areas over rubber and metal surfaces. Reduce the time to repair and the mean time between failures.

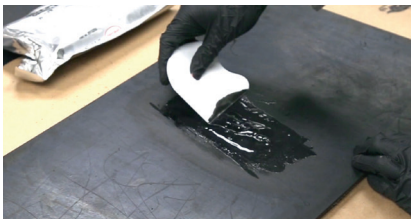

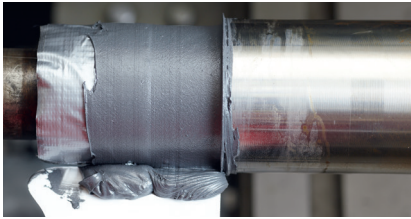

Chute Life Extension

Put an end to tile release and extend the life of your chutes.

Maintenance Repairs During Planned Shutdowns

Proactive repair and protection extends the life of your equipment.

WEAR AND ABRASION

PRODUCT	PART NUMBER	DISTRIBUTOR PART NUMBER
LOCTITE® PC 7218™: Large Bead Ceramic Filled Epoxy, 25 lb kit	1323940	
LOCTITE® PC 7317™: Small Bead Ceramic Filled Epoxy, 25 lb kit	209676	
LOCTITE® PC 7227™: Brushable Ceramic Coating, 2 lb kit, gray	209826	
LOCTITE® PC 7383™: Wear Resistant Rubber Coating, 10 kg kit	2395759	
LOCTITE® PC 9599™: Fast Cure Wearing Compound, 25 lb kit	2516929	

METAL REPAIR AND REBUILD

PRODUCT	PART NUMBER	DISTRIBUTOR PART NUMBER
LOCTITE® EA 3463™: 10 Minute Metal Repair Epoxy, 4 oz stick	209681	
LOCTITE® EA 3471™: Steel Putty Epoxy, 1 lb kit	219292	
LOCTITE® EA 3478™: Superior Metal, 1 lb kit	209822	
LOCTITE® PC 7254™: Aluminum Putty Epoxy, 1 lb kit	235615	

FLOOR REPAIR AND MACHINERY INSTALLATION

PRODUCT	PART NUMBER	DISTRIBUTOR PART NUMBER
LOCTITE® EA 7363™: Anchor Bolt Grout, 8.6 oz cartridge	1108757	
LOCTITE® PC 9410™: Magna-Crete Fast Setting Concrete Repair, 5 gal kit	235573	
LOCTITE® PC 9626™: Deep Pour Grout up to 6", 5 gal kit	235637	

BELT REPAIR

PRODUCT	PART NUMBER	DISTRIBUTOR PART NUMBER
LOCTITE® PC 7350™: Conveyor Belt Repair, 400 ml cartridge	2073202	
LOCTITE® PC 7393™: Rapid Rubber Repair, 400 ml cartridge	428557	

MACHINERY ADHESIVES

PRODUCT	PART NUMBER	DISTRIBUTOR PART NUMBER
LOCTITE® 243™ Medium Strength Primerless Threadlocker, 50 ml bottle	1329467	
LOCTITE® 263™ High Strength Primerless Threadlocker, 50 ml bottle	1330585	
LOCTITE® 290™ Wicking Grade Threadlocker, 50 ml bottle	135392	
LOCTITE® 567™ Primerless Thread Sealant, 50 ml tube	2087067	
LOCTITE® 638™ High Strength Primerless Retaining Compound, 50 ml bottle	1835936	
LOCTITE® 660™ Quick Metal Retaining Compound, 50 ml tube	135527	
LOCTITE® 518™ Flange Gasketing Sealant, 50 ml tube	2096064	

LOCTITE Value-Added Services:

- **Plant Survey:** A detailed manufacturing process evaluated by a Loctite Adhesives and Sealants Specialist to identify potential cost savings and process improvements.
- **Workshop and Maintenance Reliability Training:** On-site product training customized to your facility's needs.
- **Documented Cost Savings:** Offers a process for validating and documenting costs savings realized as a result of Loctite Workshop or Plant Survey.
