LOCTITE®

LOCTITE 620

HIGH-STRENGTH RETAINER

Engineered to secure cylindrical parts with high strength and temperature resistance, perfect for retaining bearings under extreme vibration while still allowing disassembly when needed.

LOCTITE 243

MEDIUM STRENGTH THREADLOCKER

This iconic threadlocker keeps fasteners tight under stress, yet allows easy removal with hand tools. Perfect for maintenance-friendly assemblies.

LOCTITE 270

HIGH-STRENGTH THREADLOCKER

Designed to lock critical fasteners in place under vibration, heat, and harsh conditions. Helping prevent loosening, and costly gearbox failures.

LOCTITE 3090

GAP-FILLING 2K ADHESIVE

A versatile 2-part gel adhesive that bonds uneven or porous surfaces with ease. Ideal for rapid mock-ups, 3D prints, and quick fixes where precision meets speed.

LOCTITE 401

YOUR GO-TO FAST-FIXTURING ADHESIVE

A fast-curing adhesive that delivers strong bonds across a wide range of materials. Your go-to option for quick, reliable fixes.
