COMPANY PROFILE

Building on a strong legacy of more than 145 years,

Henkel is leading the way to reimagine and improve life every day, through our innovative and sustainable brands and technologies, with our teams around the world. Today and for generations to come.

Henkel holds leading positions in both industrial and consumer businesses. Our portfolio includes well-known hair care products, laundry detergents, fabric softeners as well as adhesives, sealants, and functional coatings.

Adhesive Technologies is the world's number one producer in the area of adhesives, sealants and functional coatings.

We enable the transformation of entire industries, giving our customers a competitive advantage and offering consumers a unique experience. With trusted brands and high-impact solutions based on an unmatched technology portfolio we are creating value for all our stakeholders.

With our pioneering spirit, our knowledge, our products and technologies, we want to enrich and improve the lives of billions of people every day – and shape a viable future for the next generations.

Sustainability is thus a central element in our vision of the future. We want to actively drive the transformation to a sustainable economy and society, help protect and regenerate nature, contribute to strong communities and strengthen the trust of our stakeholders.

Our 2030+ Sustainability Ambition Framework sets our long-term objectives in the three dimensions of Regenerative Planet, Thriving Communities and Trusted Partner and links to our high aspiration of achieving a **“Transformational Impact for the Good of Generations”**.
