

# Plan for Success with Dial®

Providing comfort and confidence whether you're **checking in** or **clocking in**.

From the front of the house to the back of the house, and everywhere in between, having a plan for promoting proper hygiene practices is more important now than ever. You can rest easy knowing the brands you use, know and trust in your own home are also available throughout your hotel.

# Clean Hands Save Lives

Regular handwashing is one of the best ways to remove bacteria, avoid getting sick, and **prevent the spread of bacteria to others.**<sup>1</sup>

## Plan for Peace of Mind

Our dedication to providing confidence to guests and staff has been at the core of our business since our humble beginnings over 145 years ago. From our renowned reputation of being the #1 Doctor Recommended Antibacterial Hand Soap Brand in the U.S., to our ability to kill 99.9% of bacteria encountered in away-from-home settings, our soaps, sanitizers, detergents and cleaners provide something most others can't – peace of mind.

Helping protect everyone in your hotel is more than a job, it's our responsibility. From hotel guests to meeting attendees, front of the house staff to back of the house staff, we're providing the same trusted brands they use in their own homes, away from home. And you'll get it all sourced, purchased and delivered from one convenient place.

A

B

Keeping hands clean is one of the most important steps we can take to avoid getting sick.<sup>2</sup>

## Plan for Safer Operations

Promoting good hygiene starts before your guests check in and before your staff clocks in. From the front desk and elevators, to the business center and restaurant, establishing the routine of proper hand hygiene throughout the entire hotel is a critical step to helping protect your guests and staff. By providing Dial® Professional's easy-to-use, quick to replenish products in the public areas of your hotel, you can help make this bacteria-killing routine effortless.

# 60%

Hand sanitizers containing at least 60% ethyl alcohol can reduce the chances of getting sick and spreading bacteria to others.<sup>3</sup>

*Dial® Detail*

## Plan for Special Attention

While each hotel is different, providing personal services for your guests isn't. **Whether it's helping your guests with valet or bell attendant services or providing business travelers an "office on the road" in the hotel's Business Center, it is vital to help protect your guests and staff from harmful bacteria 24 hours a day.** Dial® Professional's array of antibacterial hand sanitizers and soaps will help keep staff and guests alike safe and ready for business.

Wet hands thoroughly with Dial® Hand Sanitizer products and rub into skin until dry.

[www.cdc.gov/handwashing/show-me-the-science-hand-sanitizer.html](http://www.cdc.gov/handwashing/show-me-the-science-hand-sanitizer.html)<sup>3</sup>

# Plan for Personal Service

**Versa™**  
Dial® Versa™ refills are  
CA-AB1162 Compliant.<sup>4</sup>

Dial® Detail

Just because your guests are away from home does not mean they have to sacrifice the brand name body washes, shampoos, conditioners and hand soaps they use in their homes. With Dial® Professional, they won't miss a thing. **Our array of gentle, hydrating body washes, shine and volume-adding shampoos and conditioners, and dermatologist-tested hypoallergenic hand soaps are the same ones they know, trust and use every day in their own homes.**

**21%**  
Handwashing is shown to reduce the risk of respiratory infections up to 21%.<sup>5</sup>

Dial® Detail

Just as your guests take pride in keeping their homes clean and bacteria free, you feel the same about your hotel – especially your guest rooms. Business travelers or vacationers, a couple nights to extended stays, your hotel room is their home. And you can keep your guests feeling comfortable while on the road with Dial® Professional products. **From killing harmful bacteria with our antibacterial soaps and cleansers, to keeping their room and laundry smelling fresh and clean, guests will feel right at home knowing they can still enjoy their daily routines even when they are on the road.**

[www.cdc.gov/healthywater/hygiene/fast\\_facts.html](http://www.cdc.gov/healthywater/hygiene/fast_facts.html)<sup>5</sup>

Bacteria from unwashed hands can be transferred to other objects then transferred to another person's hands.<sup>6</sup>

Dial® Detail

## Plan for Preemptive Protection

One of the easiest and most effective ways to help prevent the spread of bacteria is through hand washing and sanitizing. **The simple act of regular hand washing, especially after using the restroom, can help reduce the chances of getting sick and the risks of catching colds and other respiratory illnesses.** Providing easy to use, convenient hand hygiene options in common areas like public restrooms and fitness centers can make all the difference.

<https://www.cdc.gov/handwashing/why-handwashing.html><sup>6</sup>

# Plan for Seamless Adoption

Handwashing helps to minimize staff absenteeism by preventing illnesses and spread of infections to others.<sup>7</sup>

Dial® Detail

While it's not often seen, helping protect the "back of the house" is just as important as helping safeguard the more trafficked areas of your facilities. Custodial closet to the housekeeping cart, laundry room to the hotel restaurant kitchen, one call to your Dial® Professional representative will have the back of the house stocked with the products you need to help protect your guests and staff throughout the entire hotel.

[www.cdc.gov/handwashing/why-handwashing.html](http://www.cdc.gov/handwashing/why-handwashing.html)<sup>7</sup>

## Custodial Closet

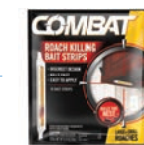

### Combat® Max Ant Killing Gel
