kindhearted, convivial, embracing	authentic, lush, enriching	grounding, welcoming, robust	sumptuous, delectable, rich	elegant, sophisticated, luxuriant

Mixing tips

IGORA ROYAL Boosters are the perfect additives to boost fashion shades on all levels of intensity or to enhance a shade with a new tonal direction.

IGORA ROYAL Pastelfier reduces pigment concentration in highly pigmented shades for muted tones and beautifully soft pastels. On top it offers additional lifting power and neutralisation of upcoming warmth.

IGORA ROYAL Diluter 0-00 reduces pigment concentration in highly pigmented shades to enable you to create even softer pastel tones.

Premiumize your colour service by including the Schwarzkopf Professional Color Enablers for an optimal colour result. Use the HAIR SEALER after each colour service to lock in colour pigments to prevent fading and shifting.

Development time:
30-45 min.

Quintessential

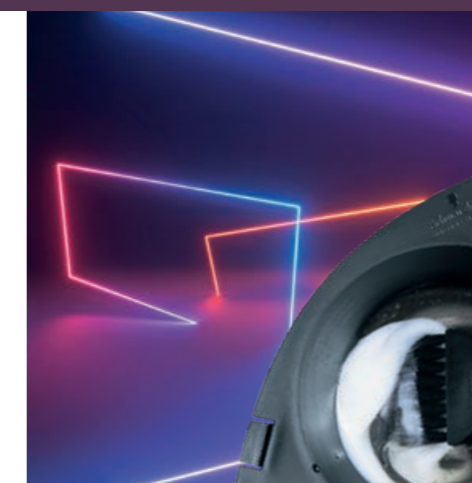

Underscored by a firm foundation of a cool ash grey, a group of joyful floral hues illustrative of our desire for positivity and uplift sit at the centre of this colour story. Infusing our dreams of nostalgia with a new modernity, the lively ambience and exquisite beauty of these luminous pastel shades against this classically chic grey hue is emblematic of a new femininity.
